

Serene HomeShare – Referral Partner Guide

Who This Guide Is For

This guide is intended for organizations and professionals interested in referring individuals to Serene HomeShare.

Overview of Serene HomeShare

Serene HomeShare provides structured shared living environments in residential neighborhoods. Homes are designed to support stability through clear expectations and cooperative living.

Home Layout and Living Environment

Homes include shared bedrooms and shared common areas such as kitchens, living rooms, and bathrooms. The shared bedroom model is a core part of the housing approach and supports affordability, structure, and shared responsibility.

Who the Home Model Is Best Suited For

The shared living model works best for residents who are able to live cooperatively in a shared household, respect shared spaces, and follow household guidelines. The environment is designed for individuals who value structure, predictability, and a calm residential setting.

How Referrals Work

Serene HomeShare provides housing only. Referral partners retain responsibility for service coordination and ongoing support. Partners work directly with Serene HomeShare to discuss housing availability, household fit, and next steps. Placement decisions are made collaboratively, with careful attention to compatibility, shared expectations, and the long-term success of all residents.

Communication and Collaboration

Serene HomeShare values clear, professional communication with referral partners. Ongoing coordination supports appropriate placement and household stability.

Next Steps

To begin a referral conversation or request additional information, please contact Serene HomeShare at info@serenehomeshare.com.
